

HP-BS

Manual beaker washer

The solution for reliable and quick cleaning of bottles and containers – your choice for top quality and cost efficiency.

Key Features

- Cleaning of centrifuge bottles and similar sample containers for contamination-free reuse.
- Efficient cleaning of centrifuge bottles and other containers, including the external thread.
- Equipped with an interchangeable cup holder for 250 ml (without thread cleaning), 500 ml and 1000 ml volumes.
- Automates complex and time-consuming cleaning steps, improving work safety and reducing physical strain.
- Three selectable steps: Cleaning (12-15 bar pressure, flat-spray nozzles, optional agent, 0-100s adjustable), Rinsing (e.g., deionized water), Drying (compressed air).
- Flexible adapter for different diameters and heights; optional settling tank, cup holders.

HP-BS Technical Specifications

Operating mode	Manual
Container materials	Stainless steel, plastic (others on request)
Suitable impurities	Pasty to lumpy up to max. 10 mm
Dimensions (H x W x D)	684 mm x 509 mm x 700 mm
Settling tank, optional (H x W x D)	750 mm x 450 mm x 755 mm
Compressed air	Min. 5 bar / Max. 10 bar / Operating 6 bar
Electrical connection	1 x 230 V / 50 Hz / 2 kVA
